5	ELB, brood looking OK, Queen yellow and wing clipped.	RI	RI
8	ELB, brood looking OK, Queen seen.	RI	RI
4	ELB, brood looking OK, Queen yellow and wing clipped	RI	RI
3	ELB, brood looking OK, Queen yellow and wing clipped. Bad tempered hive.	Didn't kill the queen as I only saw about 6 drones overall and in my hives even less.	I think we should buy in a new queen as this would be our best option this time of year.
