W&DBKA Swarm Collectors 2023

Please do not contact a swarm collector before you have followed the instructions on our <u>Swarms</u> web page and verified you have a swarm of honeybees.

We do not charge for collecting a swarm BUT a swarm collector can make a charge for time and travel expenses. Once you are sure they are honeybees you can proceed as follows.

Contact one of the collectors below OR go through the British Beekeepers Association's (BBKA) website to use their interactive map. You will be asked to enter your postcode and by zooming the map in and out, it will show you contact details for our collectors in your area.
